Inauguration

The Training Program will be inaugurated by a senior member of 3DEducators

Program Structure

Number of classes in a week	Two Class Per Week
Duration of each class	2-Hour
Fee For Long Course	Total Rs.6000/- Only

Other Learning Activities:

Classroom Assignments	2
Presentations by Trainees	1

About the Program Designer & Instructor

- ✓ The "Total Computer Hardware Solutions" Program has been designed by the Dr. M. S. Waqar where the program is also covers the international certification contents of A+.

They trainers are foreign qualified and having the degree & certification of Ph.D, MBA, MSc.

As Consultant & Senior Trainers the team of trainers from Engineering side we **3D Educators – Trainers & Consultants** would not compromise on the faculty.

Program Syllabus

TOTAL COMPUTER HARDWARE SOLUTIONS (TCHS)

Equivalent to the preparation of A+ certification for the core technologies.

- **Installation, Configuration, and Upgrading:**
 - Basic Terms, Concepts, and function of system modules.
 - IRQs, DMAs, I/O, Ports, Addresses.
 - Buses, Connectors.
 - Hard disk (IDE, EIDE, SCSI etc).
 - Installation of Peripherals and configuring them.
 - Handling of Synthetic and Effective tools.
 - Configuration of BIOS.
 - System Optimization.

- **Diagnosing and Troubleshooting:**
 - Common symptoms and problems.
 - Common Associate problems.

- **Safety and Preventive Maintenance:**
 - Various types of preventive maintenance products and procedures.
 - Software procedures and hard ware devices.
 - Potential hazards and proper safety procedures.
 - Items that require special disposal procedures.
 - Electronic Discharge (ESD).

- **Mother board/Processor/Memory:**
 - Popular CPU and Basic Characteristics.
 - Categories, problems of RAM and physical Properties.
 - Popular Mother Boards, Architectures and Power Distribution.
 - Purpose of CMOS.

- **Printers:**
 - Printer operations, Care and service techniques, connection and configuration.

- **Portable Systems:**
 - Unique components of portable systems and their unique problem and configuration.

- **Basic Networking:**
 - Networking Concepts
 - Procedures for Swapping and configuring NIC.
 - Identify the ramification of repairs on the network.

-
