Master the Audit of Business Continuity Management System (BCMS) based on ISO 22301

ISO 22301 Lead Auditor training enables you to develop the necessary expertise to perform a Business Continuity Management System (BCMS) audit by applying widely recognized audit principles, procedures and techniques. During this training course, you will acquire the knowledge and skills to plan and carry out internal and external audits in compliance with ISO 19011 and ISO/IEC 17021-1 certification process.

Why should you attend?

ISO 22301 Lead Auditor training enables you to develop the necessary expertise to perform a Business Continuity Management System (BCMS) audit by applying widely recognized audit principles, procedures and techniques. During this training course, you will acquire the necessary knowledge and skills to plan and carry out internal and external audits in compliance with ISO 19011 and ISO/IEC 17021-1 certification process.

Based on practical exercises, you will be able to master audit techniques and become competent to manage an audit program, audit team, communication with customers, and conflict resolution.

After acquiring the necessary expertise to perform a BCMS audit, you can sit for the exam and apply for a “PECB Certified ISO 22301 Lead Auditor” credential. By holding a PECB Lead Auditor Certificate, you will demonstrate that you have the capabilities and competencies to audit organizations based on best practices.
